Cookies

This website uses different types of cookies. Some cookies are placed by third-party services that appear on our pages. Your permission applies to the following areas: https://association.amsterdam.msf.org/

What are cookies?

Cookies are small pieces of information. Websites store cookies in your internet browser (e.g. Chrome, Firefox or Internet Explorer) when you visit the websites. Every time you return to the website and look around, this information is picked up. Sometimes other companies working on our behalf have access to the information stored in certain types of cookies.

Why do websites use cookies?

Cookies help us, among other things, to analyze the use of the website and to improve your user experience. See the types of cookies below.

Are there different types of cookies?

There are different types of cookies. We use analytical/performance cookies:

- Analytical cookies, such as Google's, help us analyze the use of the website, such as which pages are visited, previously visited sites and the duration of your visit. Using analytical cookies, we can discover improvements and then test them.
